

Welcome to the HBBA Yahoo Group! This is a great way to stay informed of the latest band/color guard happenings. Before we get started, here are a couple of guidelines for the use of our group. We're trying to keep the list as useful and user-friendly as possible, and appreciate your help in keeping things running smoothly!

1) Please be sure of who you are addressing. When you "reply" to a message posted by any member, you are actually replying to the entire group. If you wish to reply to the individual, copy their email address into your "to" line, rather than just hitting reply and sending a potentially personal or irrelevant message to the entire group. The whole group does not need to see "me too" or "I can help" messages--these are better sent to the person asking for help.

2) If your office email sends out automatic "so & so is out of the office" notices for everyone who sends you email, please set your Yahoo membership to "no email" before you leave. You can make changes in "Edit my Membership, which is on the right edge of the blue banner.

3) If the frequency of messages bothers you, consider setting your option to "digest form" which will send you one email a day. The disadvantage is that you won't receive any "emergency" requests quickly.
